December 1993

The Chief Executive Officer
University of Western Sydney - NEPEAN
PO Box 10
KINGSWOOD NSW 2747

Handled

Dear Professor Maling

Thank you for your letter of 24 November 1993, regarding the proposed handover of the Marshall Steam Engine. NIRIMBA would be delighted to carry out the formal handover at the launch of your new Engineering Building in the period 20 June to 1 July 1994.

Unfortunately NIRIMBA will no longer exist at that time but I would be most happy to participate in the handover. As both Commander Milfull and Lieutenant Commander Luscombe have worked closely with Professor Godfrey Lucas to facilitate the transfer of the engine, I would like them to attend if possible.

We can be contacted at the following addresses:

- a. CAPT G.R. COLE, RAN
Superintendent Ships' Logistics Office
Naval Support Command
Locked Bag 12
PYRMONT NSW 2009
- b. CMDR W.S. MILFULL, RAN
8 Sly Place
CHARNWOOD ACT 2615

Telephone: 06 258 3930 (H)
06 265 5003 (W)
- c. LCDR C.G. LUSCOMBE, RAN
2/5 Woodchester Close
CASTLE HILL NSW 2154

Telephone: 02 899 3121

If Professor Godfrey Lucas wishes to have the engine running on the day of the launch, LCDR Luscombe may be able to arrange a team of enthusiastic sailors to assist.

2.

I am very pleased NIRIMBA has been able to help with the evolution of the Engineering facility at UWS - Nepean and am delighted to preserve NIRIMBA's relationship with the provision of technical training in Western Sydney in this manner.

Yours sincerely

G.R. COLE
Captain, RAN
Commanding Officer
