#fcpmakerspace

The Curriculum MakerSpaces are an initiative of the 21st Century Curriculum Project (21C), sponsored by the DVC Academic Professor Denise Kirkpatrick and the PVC Learning Transformations Professor Simon Barrie. The MakerSpaces are a joint effort between the Learning Transformations and Digital Futures teams.

This meeting is being held on the country of the Darug People of the Darug Nation. We acknowledge their ancestors who have been Traditional Owners of their country for thousands of years, and pay our respect to the Darug People's Elders past and present.

TWEETING AND YAMMERING

We are using the hashtag #fcpmakerspace to communicate, collect and curate your experience of the MakerSpace to the online world. We are keen to ensure that the MakerSpaces showcase the innovative curriculum work taking place at Western. Our 21C Students as Partners will have a special role in pushing out communications across the two days, and you can help them by using their twitter handle: @WesternSydU_SAP in your tweets and ensuring you include #fcpmakerspace.

SCRIBE

At this MakerSpace, you will notice we have employed the services of a scribe. Their job will be to capture the conversations and concerns and to represent them visually, and on screen, throughout the day.

PHOTOGRAPHY

There will be an official photographer present during MakerSpace 4. If you did not provide consent to media on the online registration, your name badge will be coloured to alert the photographer to omit you from photos and digital resources. Please let us know if you are uncomfortable with having your photo taken.

REMAINING MAKERSPACE DATES FOR 2018
