The Curriculum MakerSpaces are an initiative of the 21st Century Curriculum Project (21C), sponsored by the DVC Academic Professor Denise Kirkpatrick and the PVC Learning Transformations Professor Simon Barrie. The MakerSpaces are a joint initiative between the Learning Transformations and Digital Futures teams.

*This meeting is being held on the country of the Darug People of the Darug Nation. We acknowledge their ancestors who have been Traditional Owners of their country for thousands of years, and pay our respect to the Darug People's Elders past and present.*

#### **TWEETING AND YAMMERING**

We are using the hashtag #fcpmakerspace to communicate, collect and curate your experience of the MakerSpace to the online world. We are keen to ensure that the MakerSpaces showcase the innovative curriculum work taking place at Western. Our 21C Students as Partners will have a special role in pushing out communications during the event, and you can help them by using their twitter handle @WesternSydU\_SAP in your tweets and ensuring you include #fcpmakerspace.

#### **VIDEO**

The 21C Student Partners will be using MakerSpace 5 as the backdrop for video production. We will aim to minimise the disruption as much as possible.

#### **PHOTOGRAPHY**

There will be an official photographer present during MakerSpace 5. If you did not provide consent on the online registration, your name badge will be coloured to alert the photographer and Digital Futures Team to omit you from photos and digital resources. Please let us know if you are uncomfortable with having your photo taken.
