1.00pm THE 21C UMBRELLA ETHICS APPLICATION: HOW WILL IT WORK TO ENCOURAGE YOUR RESEARCH?

SMALL GROUP DISCUSSIONS

1.30pm **Questions:** What would you like to know an answer to/or what's fascinating you about your curriculum innovation?
Audience: What is interesting about your question for someone else? Why should someone else want to know the answer to your question?
The Field: Has your question already been asked and answered? By whom? How? Using what kinds of conceptual tools? Compelling findings? Gaps? Connections to your question?
Design: How would you go about finding an answer to your question? What data do you need? What data can you already access? What methods of data collection suit your research question?
Analysis: How will you interpret the findings with rigour and integrity? Using what kinds of conceptual frameworks?
New findings/insights: What do the findings add to the existing research conversation?
Communication/Dissemination: What kind of output/vehicles best suit the communication of your research (conference, article, monograph, blog, podcast etc.)? Who and where is your audience and research community?
