TWEETING AND YAMMERING

We are using the hashtag #fcpmakerspace to communicate, collect and curate your experience of the MakerSpace to the online world. We are keen to ensure that the MakerSpaces showcase the innovative curriculum work taking place at Western. Our 21C Students as Partners will have a special role in pushing out communications across the two days, and you can help them by using their twitter handle: @WesternSydU_SAP in your tweets and ensuring you include #fcpmakerspace.

RESOURCES IN YOUR PACK

At MakerSpace 1 in March you asked us to provide additional resources to support your projects. You will find information about staff allocated to support you across the Learning Futures teams and resources on Partnership Pedagogies, Students as Partners, Research and Evaluation, as well as a Curriculum guide.
